Direct the Chief Executive Officer, in conjunction with the Auditor-Controller to:

1. Work with representatives from eight Los Angeles County Departments, including the Departments of the Sheriff, Probation, District Attorney, Public Defender, Alternate Public Defender, Health Services, Public Health and Mental Health, and in consultation with the Information Systems Advisory Body, to develop and immediately implement a continuum of workload and outcome tracking methods and metrics for mandatory utilization by all relevant County Departments identified in the April 5, 2016 Auditor-Controller's report entitled, "Proposition 47 - Analysis of Cost Savings and Service Improvements," that considers including, at a minimum but not limited to, the "Recommended Proposition 47 Data Tracking" indicators identified in Attachment II of the Auditor-Controller's report, and a methodology and rationale for using these indicators, in order to provide linkage between Proposition 47-related workload changes and cost savings and cost increases attributed to Proposition 47, as well as identifying co-occurring influences on workload and outcomes, such as the relative composition of cases, such as severity of felony filings, changes in inmate service needs, etc.;
2. Direct the Chief Executive Officer to retain outside expertise to work with the eight Departments, along with the Auditor-Controller and Information Systems Advisory Body, to identify and develop the best indicators, metrics and methodology, as discussed in directive No. 1, to determine cost savings and cost avoidance;
3. Provide an analysis on existing barriers to data collection and cost impact (cost savings and/or cost increase), with recommended immediate and long-term solutions to overcoming these barriers, for those Departments that do not currently have the infrastructure or capacity to implement directive No. 1;
4. Direct the Auditor-Controller to provide a report to the Board at its April 12, 2016 Board Meeting on the Auditor-Controller's report;
5. Require impacted County Departments, previously listed, to submit for Chief Executive Office compilation quarterly reports on cost changes to inform effective Proposition 47 implementation, with cost savings not to be reallocated to other projects or shortfalls without approval or consideration by the Board; and

6. Report back to the Board in writing within 45 days with the proposed metrics, barriers, and solutions to implementation as identified in the directives above, to include a plan for timely roll out to the Departments and implementation timeline to ensure that data tracking and cost savings analysis is effectively implemented and utilized by the County well before any potential sunset date, currently November 2017, for Proposition 47.
